You can help make all America Sparkle City. Just by putting litter in its place. Don't throw empty cans, bottles or even apple cores out of car windows. Don't toss used tissues on the street, or cigarette butts in the gutter. Put litter in its place.

Write back.

When the college you went to writes you for money, write back. Preferably on a check.

That degree means about a quarter million dollars more in lifetime earnings than no degree at all.

And the tuition you paid to get it probably only covered about a third of what it took to educate you.

Today tuition takes care of even less. The rest has to come from people like you.

Write back to the college that writes you. Give back a little help.

Give to the college of your choice. Now.
